

CARBON FIBER - ALUMINUM REEL SEAT

Carbonio e Alluminio | Carbon Fiber and Aluminum

Gli innovativi porta-mulinello AB1 in fibra di carbonio strutturale consentono di non interrompere l'azione del fusto nel punto di fissaggio, al contrario esso flette ed incrementa la velocità di azione.

Il kit è comprensivo della crociera in alluminio abbinata al porta mulinello.

*The innovative AB1 structural carbon fiber reel holder allows you not to interrupt the rod's action at the attachment point, instead, it flexes and increases the speed of action.
The kit includes the aluminum crosspiece combined with the reel seat.*

Specifiche del prodotto:

Materiale: Telaio in fibra di carbonio, Ghiera, boccole e la barra filettata sono realizzate in alluminio anodizzato 6082

Lunghezza: 146mm / 5,74", diametro interno: 18,6mm / 0,73", peso: 87g / 3,06oz

Colori: nero, nero opaco, argento, oro, gunsmoke, rosso, verde, arancio, viola, blu, azzurro

Product Specifications:

Material: Carbon fiber frame, Rings, bushings, and threaded bar are made of 6082 anodized aluminum.

Length: 146mm / 5.74", inner diameter: 18.6mm / 0.73", weight: 87g / 3.06oz

Colors: Black, Matt Black, Silver, Gold, Gunmetal, Red, Green, Orange, Purple, Blue, Light Blue
